Executive Master of Health Administration - Online
Executive Master of Health Administration – Online

Dear Professional,

Thank you for your interest in the University of Southern California’s online Executive Master of Health Administration program, a highly respected and internationally recognized program credited with producing dynamic and proactive executive-level healthcare leaders.

As an integral part of the Sol Price School of Public Policy, the online EMHA is uniquely suited to prepare active healthcare managers with advanced leadership and decision-making skills to deliver innovative solutions to our world’s most critical healthcare issues.

Our program focuses on developing transformative executives who can shape the future of their organization as well as the healthcare industry itself. Our program employs a values-based and outcome-oriented approach to managing at the highest levels. Featuring a robust curriculum and a convenient online learning platform, the online EMHA program allows you to continue working while developing your future potential as a healthcare leader.

We look forward to working with you and helping you achieve your educational and professional goals.

If you have further questions or are ready to get started in the online Executive Master of Health Administration program, Enrollment Advisors are available to answer questions and help you through the admissions process. Call 1.877.830.7625 to get started today.

Sincerely,

[Signature]

Michael B. Nichol, Ph.D.
Professor
Director, Graduate Programs in Health
Develop Your Career as an Executive and Shape the Future of Healthcare

The future of healthcare will be defined by pioneering executives who can employ a values-based and outcomes-oriented approach to managing at the highest levels of the healthcare industry. These leaders will transform healthcare policy, improve institutional procedure, implement new technologies, and make decisions that positively impact the bottom line as well as patient safety and satisfaction.

If you are an experienced healthcare clinician or manager who is ready to take the next step in your professional development, you should consider the online Executive Master of Health Administration program from the USC Sol Price School of Public Policy. Develop your leadership potential by becoming a transformative healthcare administrator. Enroll in this highly regarded 2-year program that can help you discover what it takes to deliver authentic and inventive solutions to our world’s most critical healthcare issues.

Stay on the vanguard of the evolving healthcare industry. Learn to successfully lead a healthcare organization and the global healthcare industry throughout the 21st century. Discover proactive leadership practices, develop new approaches for producing successful outcomes, and examine new ways to change the way patients and practitioners think about the management and delivery of healthcare.

TOTAL CREDIT HOURS 36

Program Curriculum
The online EMHA program features a solution-driven curriculum focused on themes that directly relate to accountability and administration of health service organizations. The program is specifically and uniquely designed to address the academic and leadership imperatives that can enable highly talented midcareer healthcare professionals to excel as executives.

The online EMHA consists of 13 courses which total 36 semester credit hours. Students can complete the program in as few as 6 semesters over 2 years. Each semester lasts between 14 to 15 weeks, with each course lasting 7 to 7.5 weeks. An applied learning cumulative capstone experience is delivered in one course for 2 units.

On-Campus Residency Experience
The USC EMHA features two one-of-a-kind in-residency experiences. Students will visit once toward the beginning of the program and once toward the end. These highly engaging sessions bring current national and international healthcare trendsetters, industry defining executives and policy makers on campus to the Price School for an intense hands-on interactive knowledge session. Available for direct interaction with students, the guest speakers and USC EMHA faculty members will address the future of the healthcare industry, examine life in the healthcare C-suite, discuss current and future trends and define how healthcare leadership will evolve.
About Us

The University of Southern California is one of the world’s leading private research universities. We are an anchor institution in Los Angeles, a global center for arts, technology and international trade. With a strong tradition of integrating liberal and professional education, USC fosters a vibrant culture of public service and encourages students to cross academic as well as geographic boundaries in their pursuit of knowledge.

The mission of the USC Sol Price School of Public Policy is to improve the quality of life for people and their communities, here and abroad. We achieve this mission through education and research that promote innovative solutions to the most critical issues facing society. Through its interdisciplinary approach, the school educates students to serve as innovators – and leaders – in their field. The school’s degree programs draw on the expertise of faculty and practicing professionals to create a learning environment whose breadth and depth sets the Price School apart from all schools of its kind.

Admissions Requirements

• Bachelor’s degree from a regionally accredited institution
• GPA of 3.0 or better
• Transcripts from each institution attended; a University of Southern California alumnus does not need to submit official transcript
• 3 letters of recommendation
• Personal statement of purpose – a brief personal statement describing your reasons for pursuing the Executive Master of Health Administration degree, how the degree will enhance or transition your career, and what you hope to contribute to the field
• Professional resume
• Minimum 5 years professional experience at the mid to senior level

Rankings

U.S. News & World Report ranks the USC Sol Price School of Public Policy #4 overall among 272 schools of public affairs and #3 in Health Policy and Management.

Accreditation

The University of Southern California is accredited by the Western Association of Schools and Colleges (WASC). WASC, a 501(c)(3) organization, is recognized as one of six regional associations that accredit public and private schools, colleges and universities in the United States. www.wascsenior.org
